# SALE REPORT

We're pleased to report yet another successful on-farm dispersal sale!

A beautiful day and quality lots helped draw in a large and enthusiastic crowd to Pallet Hill Farm, where, on behalf of the late GM Simpson, we, alongside Northallerton Auctions hosted a highly successful sale. Bidding was very lively and competitive across all 196 lots, from small tools and equipment to the larger machinery, with many items selling above expectations.

The energy was electric throughout, with buyers coming from near and far, staying right through to the final lot. The sale moved quickly and efficiently with all lots sold in under two hours - a testament to careful preparation and expert management from the whole team. A sincere thank you goes to the Simpson family and the entire sale team for their support in making this event such a success.

A special highlight of the day was the sale of the straw chopper, with all proceeds kindly donated to Yorkshire Cancer Research. In support of this important cause, Drew & Co waived all commission, ensuring the full amount went directly to the charity.

Here at Drew & Co, we regularly deliver successful dispersal sales and expert machinery marketing. Whether you're thinking of having a dispersal sale or seeking guidance to achieve the best results for your equipment, get in touch today and let our experienced team ensure your sale is a success.
